

## Trail of Tears

**A**

Lessons are for learning that's what teachers used to tell us

**F#m7**

when we were in school

**D**

Always tell the truth just listen to your heart and never ever

**E sus E**

play the fool

**A**

You got to see beyond the morning when you're cold and empty

**F#m7**

and there ain't no place to hide

**D**

You gotta walk into the colors of the day to try and turn

**E sus E**

away the pain inside

How can I ever lose the moment when you chose to walk me soft  
upon the open plain

The grass was high your windblown hair and both our hearts knew  
we were heading home again

I remember what you told me when we said we would be lovers  
till the end of years

You said that if another ever came between us that would lead you  
to a trail of tears

(Chorus)

**A**

We yana we ya heya, we yana we ya heya

**F#m7**

We yana we ya heya we yana he ya

**D**

We yana we ya heya, we yana we ya heya

**E sus**

**E**

We yana we ya heya na we yana he ya

(Chorus)

**F#m B sus B**

And in the end we start again

**D /C# C E sus E**

We are all the same inside

**F#m** **B sus B**  
And then the days turn to the wind  
**D /C# B C# D E**  
Find your lonely dream and ride

(Break)

You said you never saw me comin' when we met again that night  
at the Blue Saloon  
You said you wouldn't be a victim once again to the magic  
in that pale moon  
I said the story's never over till the pages empty white and all  
the voices fail  
You said the dreamer always find a way to make himself the hero  
in a fairytale  
Why couldn't love be like a stone of granite, takes the ice and rain  
and lasts a thousand years?  
Or were we meant to wander aimless searching for a friend to only find  
a trail of tears?

(Chorus)
